

Alfvén Lecture 2016

“Fusion energy with a twist“

Professor Per Helander

1 June 2016

at 14:00-15:00

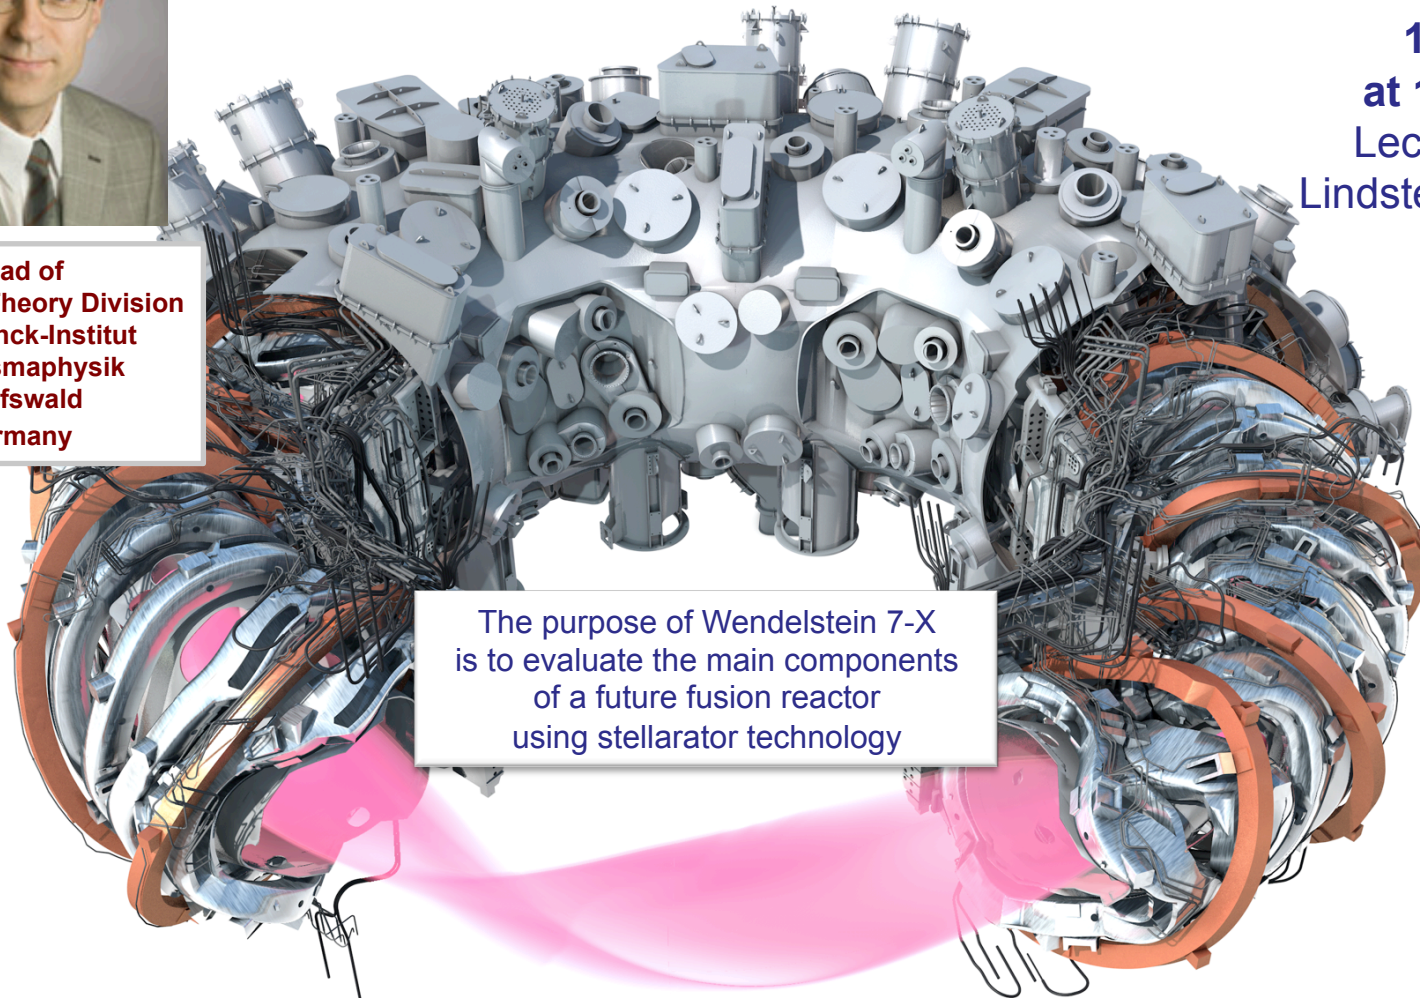

Lecture Hall E1

Lindstedtsvägen 3

KTH

Welcome!

**Head of
Stellarator Theory Division
Max-Planck-Institut
für Plasmaphysik
Greifswald
Germany**

The purpose of Wendelstein 7-X
is to evaluate the main components
of a future fusion reactor
using stellarator technology
