

SMWD 2023

2023 Swedish Microwave Days

23rd – 25th May 2023

KTH Royal Institute of Technology, Stockholm

<http://www.microwavedays.se/>

The Swedish Microwave Days 2023 (SMWD 2023) is a microwave/antenna event held this time at KTH in Stockholm. We will have exhibitions from the industry, plenary sessions, invited speakers, and social events.

The SMWD 2023 is perfect meeting point for everyone interested to learn about recent advances in microwave, millimeter-wave, THz, or antenna technology or to hear about the recent advances in wireless communications, sensor, measurement technology and emerging applications!
