## Latest news from KTH

### Confirm the identity on your KTH account

As of 10 December 2023, all students with a Swedish personal identity number must have at least assurance level AL2 on their KTH account in order to be able to login to Ladok.

[Learn more](#)

### Register your emergency contact

If something happens to you as a student, it is a good thing if KTH can contact a family member or someone else close to you. You can, therefore, register contact details with us. All data is stored according to GDPR.

### Changed application for exchange studies

### Ask a student about studies abroad

From the autumn semester 2023, applications for exchange studies are made twice a year, in November and February. When you should apply depends on whether you study your entire education at KTH or only study a master's programme at KTH.

[Learn more](#)

Are you interested in studying abroad? Perhaps you have questions about something practical or social. Ask your questions, big or small, to KTH students who have studied in, for example, Switzerland, Kenya, Hong Kong, Portugal and Singapore.
