

# From CDIS to CYBERCAMPUS SVERIGE

## Background | Outlook

The slide titled 'Background | Outlook' features a central graphic with four panels: 'Incident Response Cyber Hygiene After the Fact', 'Mind the Knowledge Gaps Cybersecurity & Digitalisation', 'Secure | Robust Resilient Interdisciplinary Partnerships - Together', and 'Digital Transformation'. Below these panels are logos for CYBERCAMPUS SWEDEN, VINNOVA, and RISE. To the right is a map of Europe with orange dots indicating locations. The slide also includes a small logo in the top left corner and a list of partners at the bottom right.

# Mission – National Collaboration

**Agile and cutting-edge research, innovation, and education for cybersecurity and cyberdefense beyond what is possible for a single university, institute, company, or agency**

A Physical, Neutral & Inclusive Space

## Onboarding of Partners and Members

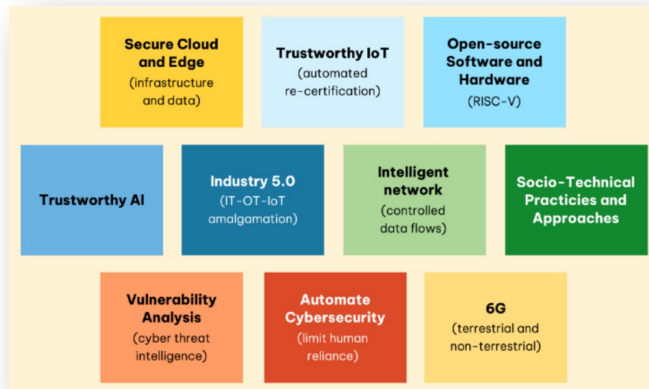

# National Collaboration and Mobilisation

## Joint Research

Mission-Oriented – Interdisciplinary  
Research Pairs – Graduate School

Laws, policies, ethics, human factors, economics, organisational circumstances, and technology all influence the conditions for actual cybersecurity, including the ability to withstand and manage incidents and cyberattacks.

## Continuous Education

Introductory – Intermediate – Experts  
Professionals – Specialists – Decision-makers

## Innovation

Research – / Theme – / Partnership-Based  
Challenge-Driven / National Arena
