

Optopub at Acreo and PhotonicSweden

Where: Acreo meeting room Knut

When: 2014-02-27, Thursday, 5:30pm

Scint-X AB is invited to present their x-ray detectors based on a silicon structure, where pores are etched to confine the light produced by a scintillator on a detector array.

Dr. Xiaobei Wang from **Huawei Technologies Sweden AB** will present their company briefly, especially eager to initiate discussions with you on mobile broadband construction, operational excellence, new business models on ICT etc hot topics.

Then, Italian pizza will be served with delicious beers, **free of charge**.
Registration before Feb. 26: <http://www.doodle.com/h7q6h5z4vus54iqe>
