

# Optopub at Acreo and PhotonicSweden

**Where: Swedish ICT meeting room Knuth**

(Electrum, Isafjordsgatan 22, hiss B, plan 6)

**When: 2014-04-03, Thursday, 5:30pm**

Martin Köhler from **BioCrine AB** will present their unique InSight technology for observing cellular reactions in a living organism, especially to explain their needs for optoelectronics devices.

Marek Chacinski from **TE Connectivity AB** will present their ongoing R&D activities, and also brief their products such as laser diodes and detectors for various communication applications.

Then, Japanese food will be served with delicious beers, **free of charge**.

Registration before April 02:

<http://doodle.com/9exa2vk3a7ft47cr>

**Welcome!**  
*Qin, Lennart  
Jens, Gunnar*

**adopt**  
ADVANCED OPTICS AND PHOTONICS\*

**PhotonicSweden**  
The Swedish Technology Platform in Optics and Photonics
