

Programkod	Program name in Swedish	Program name in English
ARKIT	Arkitektutbildning	Degree Progr. in Architecture
CBIOT	Civilingenjörsutb i bioteknik	Degree Progr. in Biotechnology
CDATE	Civilingenjörsutb i datateknik	Degree Progr. in Computer Science and Engineering
CDEPR	Civilingenjörsutb i design och produktframtagning	Degree Progr. in Design and Product Realisation
CELTE	Civilingenjörsutb i elektroteknik	Degree Progr. in Electrical Engineering
CENMI	Civilingenjörsutb i energi och miljö	Degree Progr. in Energy and Environment
CFATE	Civilingenjörsutb i farkostteknik	Degree Progr. in Vehicle Engineering
CINEK	Civilingenjörsutb i industriell ekonomi	Degree Progr. in Industrial Engineering and Management
CINTE	Civilingenjörsutb i informationsteknik	Degree Progr. in Information and Communication Technology
CLGYM	Civilingenjör och lärare	Master of Science in Engineering and in Education
CMAST	Civilingenjörsutb i maskinteknik	Degree Progr. in Mechanical Engineering
CMATD	Civilingenjörsutb i materialdesign	Degree Progr. in Materials Design and Engineering
CMEDT	Civilingenjörsutb i medicinsk teknik	Degree Progr. in Medical Engineering
CMETE	Civilingenjörsutb i medieteknik	Degree Progr. in Media Technology
COPEN	Civilingenjörsutb. öppen ingång	Degree Progr. Open Entrance
CSAMH	Civilingenjörsutb i samhällsbyggnad	Degree Progr. in Civil Engineering and Urban Management
CTFYS	Civilingenjörsutb i teknisk fysik	Degree Progr. in Engineering Physics
CTKEM	Civilingenjörsutb i teknisk kemi	Degree Progr. in Engineering Chemistry
LÄRGR	Ämnesläroutbildning med inriktning mot teknik, årskurs 7-9	Subject Teacher Education in Technology, Secondary Education
TAEEM	Masterprogram, flyg- och rymdteknik	Master' Program, Aerospace Engineering, 120 credits
TAETM	Masterprogram, aeroelasticitet i turbomaskiner	Master's Program, Turbomachinery Aeromechanic University Training, 120 credits
TAOHM	Magisterprogram, Teknik, hälsa och arbetsmiljöutveckling	Master's Program, Technology, Health and Work Environment Development, 60 credits
TARKM	Masterprogram, arkitektur	Master' s Program, Architecture, 120 credits
TBAFM	Magisterprogram, bank och finans	Master's Program, Banking and Finance, 60 credits
TBASA	Tekniskt basår, Haninge	Technical Preparatory Year, Haninge
TBASD	Tekniskt basår, Campus	Technical Preparatory Year, Campus
TBASE	Tekniskt basår, Södertälje	Technical Preparatory Year, Södertälje
TBATL	Teknisk bastermin	Technical Preparatory Semester
TBIMM	Masterprogram, biomedicinska material	Master's Program, Biomedical Materials, 120 credits
TBIOM	Masterprogram, bioteknik	Master's Program, Biotechnology, 120 credits
TBKFM	Masterprogram, beräkningskemi och beräkningsfysik	Master's Program, Computational Chemistry and Computational Physics, 120 credits
TBTMD	Tekniskt basår, termin 2, Campus	Technical Preparatory Semester, Campus
TBTMH	Tekniskt basår, termin 2, Haninge	Technical Preparatory Semester, Haninge
TBTMS	Tekniskt basår, termin 2, Södertälje	Technical Preparatory Semester, Södertälje
TBYPH	Högskoleutbildning i byggproduktion	Degree Progr. in Construction Management
TCAEM	Masterprogram, husbyggnads- och anläggningsteknik	Master's Program, Civil and Architectural Engineering, 120 credits
TCOMK	Kandidatprogram, informations- och kommunikationsteknik	Bachelor's Programme in Information and Communication Technology
TCOMM	Masterprogram, kommunikationssystem	Master's Program, Communication Systems, 120 credits

TCSCM	Masterprogram, datalogi	Master's Program, Computer Science, 120 credits
TCSEM	Masterprogram, kemi och kemiteknik	Master's Program, Chemical Science and Engineering, 120 credits
TDEBM	Magisterprogram, design och byggande	Master's Program, Design and Building, 60 credits
TDISM	Masterprogram, distribuerade system	Master's Program, Distributed Computing, 120 credits
TDTNM	Masterprogram, datorsimuleringar inom teknik och naturvetenskap	Master's Program, Computer simulation for Science and Engineering, 120 credits
TEBSM	Masterprogram, inbyggda system	Master's Program, Embedded Systems, 120 credits
TEEEM	Masterprogram, teknik och ledning för energi- och miljösystem	Master's Program, Management and Engineering of Environment and Energy, 120 credits
TEEGM	Masterprogram, miljöteknik	Master's Program, Environmental Engineering, 120 credits
TEILM	Magisterprogram, entreprenörskap och innovationsledning	Master's Program, Entrepreneurship and Innovation Management, 60 credits
TEINM	Masterprogram, innovations- och tillväxtekonomi	Master's Program, Economics of Innovation and Growth, 120 credits
TELFM	Masterprogram, elektrofysik	Master's Program, Electrophysics, 120 credits
TELPM	Masterprogram, elkraftteknik	Master's Program, Electric Power Engineering, 120 credits
TERGM	Magisterprogram, Ergonomi och Människa-Teknik-Organisation	Master's Program, Ergonomics and Human-Technology-Organisation, 60 credits
TFAFK	Kandidatprogram, Fastighetsutveckling med fastighetsförmedling	Bachelor's Programme in Property Development and Agency
TFASM	Magisterprogram, fastighetsföretagande	Master's Program, Real Estate Management, 60 credits
TFOBM	Masterprogram, fastigheter och byggande	Master's Program, Real Estate and Construction Management, 120 credits
TFOFK	Kandidatprogram, fastighet och finans	Bachelor's Programme in Real Estate and Finance
TFORM	Masterprogram, fordonsteknik	Master's Program, Vehicle Engineering, 120 credits
THCIM	Masterprogram, människa-datorinteraktion	Master's Program, Human-Computer Interaction, 120 credits
THSSM	Masterprogram, hållbar samhällsplanering och stadsutformning	Master's Program, Sustainable Urban Planning and Design, 120 credits
THSUM	Masterprogram, hållbar stadsutveckling	Master's Program, Sustainable Urban Transition, 120 credits
TIBEA	Högsk.ingenjörsub i byggt teknik och ekonomi	Degree Progr. in Constructional Engineering and Economics
TIBHL	Högsk.ingenjörsub i byggt teknik och hälsa	Degree Progr. in Constructional Engineering and Health
TIBYH	Högsk.ingenjörsub i byggt teknik och design	Degree Progr. in Constructional Engineering and Design
TICTM	Masterprogram, IT-entreprenörskap	Master's Program, ICT Entrepreneurship, 120 credits
TIDAA	Högsk.ingenjörsub i datateknik, Haninge	Degree Progr. in Computer Engineering
TIDAB	Högsk.ingenjörsub i datateknik, Kista	Degree Progr. in Computer Engineering
TIDEA	Högsk.ingenjörsub i datateknik och ekonomi	Degree Progr. in Computer Engineering and Economics
TIDHL	Högsk.ingenjörsub i datateknik och hälsa	Degree Progr. in Computer Engineering and Health
TIEDB	Högsk.ingenjörsub i elektronik och dator teknik	Degree Progr. in Electronics and Computer Engineering
TIEEA	Högsk.ingenjörsub i elektroteknik och ekonomi	Degree Progr. in Electrical Engineering and Economics
TIEEM	Masterprogram, innovativ uthållig energiteknik	Master's Program, Innovative Sustainable Energy Engineering, 120 credits
TIEHL	Högsk.ingenjörsub i elektroteknik och hälsa	Degree Progr. in Electrical Engineering and Health
TIELA	Högsk.ingenjörsub i elektroteknik, Haninge	Degree Progr. in Electrical Engineering
TIEMM	Masterprogram, industriell ekonomi	Master's Program, Industrial Engineering and Management, 120 credits
TIETM	Masterprogram, innovativ energiteknik	Master's Program, Energy Innovation, 120 credits
TIKED	Högsk.ingenjörsub i kemiteknik	Degree Progr. in Chemical Engineering
TIKTM	Masterprogram, informations- och kommunikationsteknik	Master's Program, Research on Information and Communication Technologies, 120 credits
TIMAS	Högsk.ingenjörsub i maskinteknik, Södertälje	Degree Progr. in Mechanical Engineering

TIMBM	Masterprogram, Industriell och miljönriktad bioteknologi	Master's Program, Industrial and Environmental Biotechnology, 120 credits
TIMEH	Högsk.ingenjörsub i medieteknik	Degree Progr. in Media Technology
TIMEL	Högsk.ingenjörsub i medicinsk teknik	Degree Progr. in Medical Technology
TIMES	Högsk.ingenjörsub i maskinteknik och ekonomi	Degree Progr. in Mechanical Engineering and Economics
TIMHL	Högsk.ingenjörsub i maskinteknik och hälsa	Degree Progr. in Mechanical Engineering and Health
TIMIM	Masterprogram, industriell ekonomi	Master's Program, Industrial Management, 120 credits
TINEM	Masterprogram, industriell ekonomi	Master's Program, Industrial Management, 120 credits
TINWM	Masterprogram, internetteknik	Master's Program, Internetworking, 120 credits
TIPDM	Masterprogram, integrerad produktdesign	Master's Program, Integrated Product Design, 120 credits
TIPUM	Masterprogram, industriell produktutveckling	Master's Program, Engineering Design, 120 credits
TITEH	Högsk.ingenjörsub i teknik och ekonomi, öppen ingång	Degree Progr. in Engineering and Economics
TITHL	Högsk.ingenjörsub i teknik och hälsa, öppen ingång	Degree Progr. in Technology and Health
TITMM	Masterprogram, ingenjörstillämpad matematik	Master's Program, Applied and Engineering Mathematics, 120 credits
TIVNM	Masterprogram, ICT Innovation	Master's Program, ICT Innovation, 120 credits
TKEMM	Masterprogram, kemiteknik för energi och miljö	Master's Program, Chemical Engineering for Energy and Environment, 120 credits
TLDHM	Masterprogram, ljus, design och hälsa	Master's Program, Architectural Lighting Design and Health, 120 credits
TLMAM	Masterprogram, fastighetsvetenskap	Master's Program, Land Management, 120 credits
TLODM	Magisterprogram, ljusdesign	Master's Program, Architectural Lighting Design, 60 credits
TMAIM	Masterprogram, maskininläring	Master's Program, Machine Learning, 120 credits
TMAKM	Masterprogram, matematik	Master's Program, Mathematics, 120 credits
TMBIM	Masterprogram, medicinsk bioteknologi	Master's Program, Medical Biotechnology, 120 credits
TMDAM	Magisterprogram, människa-datorinteraktion	Master's Program, Human-Computer Interaction, 60 credits
TMEGM	Masterprogram, marinteknik	Master's Program, Maritime Engineering, 120 credits
TMESM	Masterprogram, miljövänliga energisystem	Master's Program, Environmental Pathways for Sustainable Energy Systems, 120 credits
TMETM	Masterprogram, medieteknik	Master's Program, Media Technology, 120 credits
TMHIM	Masterprogram, miljöteknik och hållbar infrastruktur	Master's Program, Environmental Engineering and Sustainable Infrastructure, 120 credits
TMLEM	Masterprogram, medicinsk teknik	Master's Program, Medical Engineering, 120 credits
TMMMM	Masterprogram, makromolekylära material	Master's Program, Macromolecular Materials, 120 credits
TMMTM	Masterprogram, media management	Master's Program, Media Management, 120 credits
TMRSM	Masterprogram, marina system	Master's Program, Naval Architecture, 120 credits
TMSEM	Masterprogram, materialteknik	Master's Program, Materials Science and Engineering, 120 credits
TMTEM	Magisterprogram, medicinsk teknik	Master's Program, Medical Engineering, 60 credits
TMVTM	Masterprogram, molekylär vetenskap och teknik	Master's Program, Molecular Science and Engineering, 120 credits
TNEEM	Masterprogram, kärnenergiteknik	Master's Program, Nuclear Energy Engineering, 120 credits
TNSSM	Masterprogram, nätverkstjänster och system	Master's Program, Network Services and Systems, 120 credits
TNTEM	Masterprogram, nanoteknik	Master's Program, Nanotechnology, 120 credits
TPHEM	Masterprogram, läkemedelsteknik	Master's Program, Pharmaceuticals and Pharmaceutical Engineering, 120 credits
TPLVM	Magisterprogram, projektledning och verksamhetsutveckling	Master's Program, Project Management and Operational Development, 60 credits
TPRMM	Masterprogram, industriell produktion	Master's Program, Production Engineering and Management, 120 credits

TPRPM	Magisterprogram, produktframtagning	Master's Program, Product Realisation, 60 credits
TPVUM	Magisterprogram, programvaruutveckling	Master's Program, Software Engineering, 60 credits
TSCRM	Masterprogram, systemteknik och robotik	Master's Program, Systems, Control and Robotics, 120 credits
TSEDM	Masterprogram, programvaruteknik för distribuerade system	Master's Program, Software Engineering of Distributed Systems, 120 credits
TSKKM	Masterprogram, systemkonstruktion på kisel	Master's Program, System-on-Chip Design, 120 credits
TSMKM	Masterprogram, säker och mobil kommunikation	Master's Program, Security and Mobile Computing, 120 credits
TSOVM	Masterprogram, ljud och vibrationer	Master's Program, Sound and Vibration, 120 credits
TSPPM	Masterprogram, samhällsplanering	Master's Program, Spatial Planning, 120 credits
TSUEM	Masterprogram, hållbar energiteknik	Master's Program, Sustainable Energy Engineering, 120 credits
TSUTM	Masterprogram, teknik och hållbar utveckling	Master's Program, Sustainable Technology, 120 credits
TSVVK	Kandidatprogram, simuleringsteknik och virtuell design	Bachelor's Programme in Simulation Technology and Virtual Design
TSYBM	Masterprogram, systembiologi	Master's Program, Systems Biology, 120 credits
TTEMM	Masterprogram, teknisk mekanik	Master's Program, Engineering Mechanics, 120 credits
TTFYM	Masterprogram, teknisk fysik	Master's Program, Engineering Physics, 120 credits
TTGTM	Masterprogram, transport och geoinformatik	Master's Program, Transport and Geoinformation Technology, 120 credits
TTILM	Magisterprogram, tillämpad logistik	Master's Program, Applied Logistics, 60 credits
TTLSM	Masterprogram, trådlösa system	Master's Program, Wireless Systems, 120 credits
TTMAM	Masterprogram, tillämpad matematik och beräkningsmatematik	Master's Program, Applied and Computational Mathematics, 120 credits
TTMVM	Masterprogram, teknisk materialvetenskap	Master's Program, Engineering Materials Science, 120 credits
TTVFM	Magisterprogram, teknik- och vetenskapsfilosofi	Master's Program, Philosophy of Science and Technology, 60 credits
TUPDM	Masterprogram, urban planering och design	Master's Program, Urban Planning and Design, 120 credits
