

Programs for Graduation Ceremony May 2021

26 May

ABE

Arkitekter/Architects

Civilingenjör från följande program/Masters of Science in Engineering

Samhällsbyggnad (ABE)

Högskoleingenjör

Byggteknik med vald inriktning (ABE)

Teknologie kandidat

Fastighet och finans (ABE)

Fastighetsutveckling med fastighetsförmedling (ABE)

Fastighetsförmedling (ABE)

Magister/Master

Architectural lighting design (ABE)

Environmental engineering and sustainable infrastructure (ABE)

Teknologie master/Master of science

Architecture (ABE)

Environmental engineering and Sustainable infrastructure (ABE)

Geodesy and geoinformatics (ABE)

Infrastructure engineering (ABE)

Industrial Ecology (ABE)

Land management (ABE)

Real estate management (ABE)

Spatial planning (ABE)

Sustainable technology (ABE)

Transport systems (ABE)

Urban planning and design (ABE)

Water system technology (ABE)

EECS

Civilingenjör från följande program/Masters of Science in engineering:

Datateknik (EECS)

Elektroteknik (EECS)

Informationsteknik (EECS)

Medieteknik (EECS)

Mikroelektronik (EECS)

Högskoleingenjör

Datateknik (EECS)

Elektronik och dator teknik (EECS)

Medieteknik (EECS)

Teknologie kandidat

Affärssystem (EECS)

Informations- och kommunikationsteknik (EECS)

Magister/Master

Affärssystem (EECS)

Informations och kommunikationsteknik (EECS)

Teknologie master/Master of science

Communication systems (EECS)

Computational and systems biology (EECS)

Design and implement of ICT products and systems (EECS)

Energy Innovation/Innovativ energiteknik (EECS)

Electric power engineering (EECS)

Electrophysics (EECS)

Engineering and management of information systems (EECS)

Human-computer interaction (EECS)

ICT Innovation (EECS)

Information and communication systems security (EECS)

Information and communication technology (EECS)

Internet working (EECS)

IT Entrepreneurship (EECS)

Media management (EECS)

Nanotechnology (EECS)

Network services and systems (EECS)

Photonics (EECS)

Research on Information and Communication (EECS)

Technologies (MERIT)(EECS)

Scientific computing (EECS)

Software engineering (EECS)

Software engineering of distributed systems (EECS)

Systems, Control and Robotics (EECS)

System on chip design (EECS)

Wireless systems (EECS)

CBH

Civilingenjör från följande program/Masters of Science in Engineering:

Bioteknik (CBH)

Kemi och kemiteknik (CBH)

Kemivetenskap (CBH)

Medicinsk teknik (CBH)

Teknisk kemi (CBH)

27 May

CBH- continues

Högskoleingenjör

Datateknik med valdriktning (CBH)

Elektronik (CBH) (OBS tillhör EECS, men utförs av CBH)

Kemiteknik (CBH)

Medicinsk teknik (CBH)

Magister/Master

Computer networks (CBH)

Design and building (CBH)

Biotechnology (CBH)
Biomedical materials (CBH)
Chemical science and engineering (CBH)
Ergonomi och Människa-Teknik-Organisation (CBH)
Medical engineering (CBH)
Pharmaceuticals and pharmaceutical engineering (CBH)

ITM

Civilingenjör från följande program/Masters of Science in Engineering:

Civilingenjör och lärare (ITM)
Design och produktframtagning (ITM)
Energi och miljö (ITM)
Industriell ekonomi (ITM)
Maskinteknik (ITM)
Materialdesign (ITM)
Materialteknik (ITM)

Högskoleingenjör

Maskinteknik med vald inriktning (ITM)
Teknik och ekonomi (ITM)
Teknik och hälsa (ITM)

Magister/Master

Product realisation (ITM)
Project management and operational development (ITM)
Tillämpad logistik (ITM)

Teknologie magister/Teknologie master/Master of science

Aeroelasticitet i turbomaskiner (ITM)

Applied logistics (ITM)

Economics of innovation and growth (ITM)

Entrepreneurship and innovation management (ITM)

Environmental Pathways to Sustainable Energy Systems (ITM)

Industrial management (ITM)

Materials science and engineering (ITM)

Management and engineering of environment and energy (ITM)

Product realisation (ITM)

Production engineering and management (ITM)

Project management and operational development (ITM)

Sustainable energy engineering (ITM)

SCI

Civilingenjör från följande program/Masters of Science in Engineering:

Farkostteknik (SCI)

Teknisk fysik (SCI)

Teknologie magister/Teknologie master/Master of science

Aerospace engineering (SCI)

Applied and computational mathematics (SCI)

Applied engineering mathematics (SCI)

Computer simulations for science and engineering (SCI)

Engineering Physics (SCI)

Engineering mechanics (SCI)

Mathematics (SCI)

Maritime engineering (SCI)

Naval architecture (SCI)

Nuclear energy engineering (SCI)

Vehicle engineering (SCI)
