

OPEN POSITION STUDENT ASSISTANT

MEDIA DESIGN AND PR

10 hours per week, 145 SEK/hour

The „Powertrain Manufacturing for Heavy Vehicles Application Lab“ (PMH Application Lab) is a new research center at KTH with the focus on transferring innovative production technologies into industrial application. We are looking for a dedicated student to support us in all tasks related to public relations.

Your tasks

Support of the PMH Application Lab staff in the following tasks

- Design of digital and print media
- Production of PR material
- Homepage design and maintenance
- Continuous development of a communication plan

What we offer

- Perfect boundary conditions to gain practical experience parallel to your studies
- Flexible work schedule
- Cooperation with experienced PR experts of KTH, Fraunhofer and RISE
- 6 months contract with the possibility to be extended
- Starting date: 2016-06-01 (earliest), 2016-09-01 (latest)

Your skills

- Student at KTH in a subject related to media and PR with at least 60hp accomplished (e.g. Medieteknik, Information and Communication Technology, etc.)
- You are a team player and have a high grade of proactivity
- Good language skills in English and Swedish
