## **KEYS**

Upon arrival you will receive:

- 1 Key for the apartment
- 1 Electronic key for the main entrance
- You will have to buy your own padlock to the post box

You are responsible for your keys and if you lose them you will have to pay for a new lock

## **INTERNET**

Is provided by Telenor and is included in the rent. It is already connected so you can just plug in your computer. There is no start up fee, but to activate the internet you need to register. If you have issues connecting to internet please email [accommodation@kth.se](mailto:accommodation@kth.se)

## **FACILITIES**

### **Common Kitchen**

You have access to a larger common kitchen. The kitchen is equipped with an oven, dishwasher and fridge. You can book the kitchen closest to your room with your electronic key. Never pour water behind the stove in your room, or there will be a short circuit.

### **Household Garbage**

The garbage rooms are situated on floor 2, one on Danmarksgratan and one on Hanstavägen. Take the elevator to floor 2 and go outside. Your badge gives you access. Please follow the instructions for recycling carefully!

### **Laundry**

Laundry rooms are situated on floor 3. You have access to the one closest to your apartment. You make a booking through the electronic booking system with your electronic key.

### **Cleaning**

You need to keep the apartment tidy and clean. Inspections will be carried out throughout the semester.

# Emergency #112

## The Swedish emergency number is **112**

Call 112 if you, or someone else need help from ambulance, fire brigade or police.

### IN CASE OF FIRE

1. Rescue any people in danger
2. Warn other tenants and dial 112
3. Extinguish the fire if possible

*Don't walk through the smoke – it is poisonous!*

#### If there is a fire in your neighbours room:

Stay in your room and keep the windows shut and call emergency services to help you out.

#### If there is a fire in your room:

Go outside and close the door so the smoke won't get out to the corridor.

***This is a non-smoking building!***

### FIRE SAFETY

**Make sure that the smoke detector in your room is working.**

Check your fire detector by:

1. Pressing the "test button".
2. Continue to press the button for a couple of seconds. If it beeps it works and the test is over.

*Please make it a habit to check your fire detector every now and then. Never damage or cover a fire detector!*

#### Fire on the stove:

Smother the fire with a lid or a blanket. Don't pour water on it!

#### Candles:

Never leave lit candles unattended! Only light candles that are steadily placed in non-flammable candle holders. If you leave the room, put out the candles first.
