

## Welcome to a STandUP for Energy seminar

### **Pioneers in renewables – a German perspective on wind power planning**

**Speaker:** *Professor Johann Köppel, Professor at the Berlin Institute of Technology (TU-Berlin), Germany, and head of the Environmental Assessment and Planning Research Group (<http://www.umweltpruefung.tu-berlin.de>)*

**Date:** *Thursday 31 May 2018 at 9:15 – 10:00*

**Location:** *Room Sahara, entrance floor in the SEED building, Teknikringen 10B, KTH, Stockholm*

**Registration link:** <https://doodle.com/poll/y79i6qxyeg7dsqsa> (by 25 May)

**Target groups:** *researchers, students, professionals*

**Contact:** *Ulla Mörtberg, [mortberg@kth.se](mailto:mortberg@kth.se)*

Welcome to a seminar led by Professor Johann Köppel, TU-Berlin, on “Pioneers in renewables – a German perspective on wind power planning”, in the context of the Energiewende and the German energy transition.

*STandUP for Energy is an energy research alliance between KTH Royal Institute of Technology, Uppsala University, the Swedish University of Agricultural Sciences, and Luleå Technical University. We deliver practical, environmentally sound and economically viable solutions in the field of renewable electricity production, smart grids and electric/hybrid vehicles.*
