

4. Program (iExPO, OUSSEP, FrontierLab, Maple)

iExPO

iExPO students will be accepted in a school or graduate school of Osaka University to take courses in a specific major or do postgraduate research under the guidance of a faculty member. Special Auditor is for those who wish to take specialized courses in a degree program while postgraduate students who wish to do research under the guidance of a faculty member can choose Special Research Student option. Since the majority of degree courses are taught in Japanese, participants need to have a high level of general Japanese language proficiency (Requirements vary by school. See the chart in next page).

iExPO 生は特定学部の科目履修、または指導教員の下研究を行うため、学部、研究科に配属されます。特別聴講学生は学位取得のための専門科目を履修します。指導教員の下研究を行いたい大学院生は特別研究学生を選んでください。大半の科目は日本語で行われるため、高い日本語能力が求められます。(学部・研究科により語学要件が異なります。次のページの一覧を確認してください。)

FrontierLab

FrontierLab is an academic internship in science and technology and very unique as a long-term exchange study program. Participants will become a student member of a research group in one of Osaka University's internationally renowned science and technology fields and do full-time research work under the academic supervision of a faculty member. With the advice of their supervisor, students may attend Japanese language classes or take courses relating to their own study fields. Special Auditor status enables student to earn credits through their research (and additional course work), while Special Research Student is non-credit based. This program offers a wide range of research directions and emphasize hands-on laboratory experience.

FrontierLab は長期交換留学プログラムとして特殊な理系の学術研究インターンシップです。参加者は国際的に有名な理系研究室に所属し、指導教員の下フルタイムで研究を行います。指導教員と相談の上、日本語や研究に関連する科目を履修することもできます。特別聴講学生は研究(と科目履修)を通して、単位を取得することができますが、特別研究学生は単位取得ができません。このプログラムは幅広く可能性のある研究方針を提供し、実践的な研究に重点を置いています。

OUSSEP

This program has been designed for undergraduate students in their 3rd or 4th year from overseas partner universities across the globe. Participants are offered Japanese language classes and lecture courses taught in English called "International Exchange Subjects" or CIEE courses. These courses are also open for degree-seeking students who are interested in attending English-taught classes; therefore, OUSSEP students will have a good chance to get to know other OU students in classes.

No postgraduate courses are offered within this program, while Master's students could be accepted if both home university and student agree that s/he will enroll in undergraduate "International Exchange Subjects" courses.

Maple (Available only in Sep. intake)
