

Welcome to the Course Selection Fair

Tuesday 9th of October departments from EECS in electrical engineering will present their courses on the course fair in rooms Q31 and Q33. Courses in electric power and energy systems, micro and nanosystems, automatic control, information science and engineering, electromagnetic engineering, space and plasma physics, fusion plasma physics and network and systems engineering will be represented.

When: 9th of October, 12:00 to 13:30

Where: Q31 and Q33, Malvinas väg 6B, floor 2
