

SweGRIDS

Annual Conference 2019

Date: April 3rd 2019

Time: 9:30–14.45 (coffee and registration from 9.00, refreshments from 14.45)

Place: KTH Main Campus, D-building (Ljuskården and room D3), Lindstedsvägen 5.

Registration: <https://www.kth.se/form/5c82179b1b924ce4ce671692> (March 25th)

More information: <https://www.kth.se/swegrids/events/swegrids-conference-2019-1.886460>

The Swedish Centre for Future Electric Grids and Storage (SweGRIDS) is a partnership of academia, industry and public utilities, with major funding from the Swedish Energy Agency. The overall goals are to develop new and improved devices and methods that will help achieve the European Union's targets for greater use of renewable energy sources and improved energy efficiency. The conference provides an annual gathering of all stakeholders of SweGRIDS.

Conference Program

09:00 Registration, poster mounting, coffee and sandwiches.

10:00 Welcome Leif A. Pettersson, ABB, Chairman of Steering Board

10:10 The SweGRIDS program Overview and Status

Rajeev Thottappillil Director

10:30 Pitch project presentations (ongoing projects)

12:00 Networking, lunch buffet and poster presentations

13:30 Updates from the International Smart Grids Action Network (ISGAN) Emil Hillberg RISE.
