The course webpage

ID1018 Programmering I
http://www.ict.kth.se/courses/ID1018

Schedule

Schedule for the course
http://www.kth.se/schema

Choose the start and end dates.
Find the selection field *Choose programme and courses* (Välj program och
kurser), enter `ID1018` and select the english version.
Choose *search* (sök).

Java technology

Start page:
http://www.oracle.com/technetwork/java/index.html

The standard library (API – Application Programming Interface):
http://docs.oracle.com/javase/8/docs/api

Java SE Development Kit (JDK):
http://www.oracle.com/technetwork/java/index.html

Find *Software Downloads* and from there *Top Downloads*. Choose *Java SE*.
Then, in the table *Java Platform, Standard Edition*, choose *JDK Download*.
Finally, from the first table select the file that match your operating system.

Text editors

TextPad (Windows)
http://www.textpad.com/download/index.html
Depending on your operating system choose either 64-bit or 32-bit.

TextMate (Mac)
http://macromates.com

jEdit (Windows, Mac, Unix)
http://www.jedit.org

Integrated development environments — IDEs

Eclipse
http://www.eclipse.org/

Get started with Eclipse – a video
https://www.youtube.com/watch?v=23tAK5zdQ9c

NetBeans
http://netbeans.org

Installing the required software and using it

Java Tutorials
http://docs.oracle.com/javase/tutorial/getStarted

Read all there is, and pay special attention to what is found under *The "Hello World" Application.*
