Project 5: Assembler

Student:

Self-declaration: Check the programs in the column "Done?" that you have designed and are willing to present in class. Indicate, whether is working correctly in the column "Working?". If you do not think your program is perfect, explain the problems in the column "Comments".

Grading method: All codes are checked for correctness. Partially correct projects receive part of the points, if the problem is explained in the Comments field. Otherwise they receive 0 points.
