# Physics Chapter

---

## Programmes affiliated with the Physics Chapter

Exchange students with physics or mathematics as their main subject.

Master students in:

Engineering Physics, Mathematics, Applied computational mathematics,

Nuclear energy engineering, Computer Simulations for science and engineering

And Bachelors in:

Engineering Physics and Engineering Mathematics

A total of 700 members

---

# What does the Chapter do?

- Represent and influence education
- A community for students
- Arrange activities and events
- Organize a career fair
- And much more!

**Styret (the board)**

**Some of the committees within Physics Chapter**

**FINT - Physics  
International**

**Physics Club Master**

**Study Board**

**FYSIKALEN**

**Musical Committee**

## Study Board

Ensures student influence in our education

Answering questions related to the education

Assures the quality of the education

MAS: Master Student representative, one for each master programme.

SNO: Chairperson of the Study board

---

# FINT - Physics International

Our Purpose: To integrate international students into Swedish student life and the Physics Chapter

Organizes activities and events tailored towards international students.

A point of contact for international students.

FINTO: Chairman of FINT

---

# Past Events

Horror Movie Night

Ice Skating in Kungsträdgården

Skansen

---

## Coming Events

### International Reception

Overall Sale in Konsulatet - 29th of August 17:23

Picnic in Hagaparken - 8th of September 17:00  
(or 16:20 at KTH Entré)

### After the reception

GTOS pt.2

Kayaking in Hagaparken

---

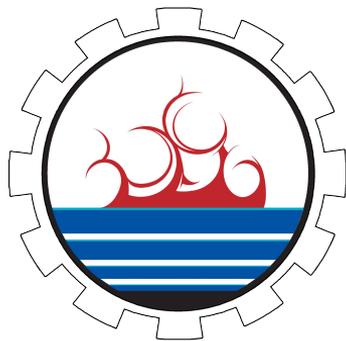

---

# How do you join Physics Chapter?

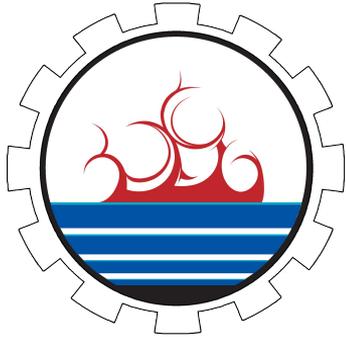

If you join THS (The Student Union), you'll automatically be a member of Physics Chapter.

Join at [ths.kth.se](https://ths.kth.se) or by visiting KårX at Nymble

⊂
