

Open House

Learn more about the Master's Programme in Engineering Physics and the research in physics at the KTH physics departments

Wednesday April 26, 2023

15:00-18:00

Albanova University Center, 4th floor, Light yard

We offer you

- Inspiring discussions and talks
- Lab tours to our research labs
- A possibility to meet faculty members
- A possibility to learn more about the Master's Programme in Engineering Physics or get individual study advice
- A possibility to discuss future career or thesis projects
 - Food and beverages

Welcome!

Let us inspire you!

This activity is arranged by the Master's Programme in Engineering Physics at KTH in collaboration with the Department of Physics and the Department of Applied Physics.

6 parallel activities

Tentative schedule for Open House 2023

The posters & mingle area is open the whole time!

Time	Director's room	Biomedical physics	Optics & photonics	Quantum technology	Subatomic & astrophysics	Theoretical physics
15:00-15:30	15:15 Welcome address, FB52	Posters & mingle	Posters & mingle	Posters & mingle Sign up for lab tours	Posters & mingle	Posters & mingle
15:30-16:00	Mingle	Talk: Track overview FB41	Distribution of Optics & photonics quiz Poster area	15:45 Talk by master student FD41	Discussions with PhD students FB42	Meet us for discussions Poster area
16:00-16:30	Mingle	Posters & mingle	Talk: your opportunities in the field FB41	Q&A session FD41	Virtual visit to CERN FB42	Meet us for discussions Poster area
16:30-17:00	Mingle	Meet teachers and researcher FD41	Discuss with faculty FB41	Lab tours according to sign ups	Albanova telescope tour	Presentations and discussions FB42
17:00-17:30	Individual study advice FD41	Posters & mingle	Lab tour	Lab tours according to sign ups	Panel discussions FB41	Presentations and discussions FB42
17:30-18:00	Individual study advice FD41	Posters & mingle	17:45 Prize winner announcement	Posters & mingle	Panel discussions FB41	Meet us for discussions Poster area
