# Empathy for the learner /student

# Learner experience?

# Learning Experience Design

*“Empathy is about mentally walking in another person’s shoes to understand and feel what someone is going through on an emotional, cognitive, and experiential level.*

*Having empathy for the people you design for is vital for the creation of a personal and purposeful learning experience.”*

Niels Floor, in Empathic Learning Experience Design (2023)

# Student persona: Yorkos

## Background

22-year-old male born in Göteborg, Greek parents who own a chain of restaurants. Loves to ski, and has a small circle of like-minded friends

## Personality

Spontaneous, flexible, easy-going. Things don't have to be perfect. Accepts flaws, last minute changes and surprises, imperfections easily, as he's not perfect either. To keep life interesting, things shouldn't be too fixed.

## Learning Behaviour

Very (!) productive when in flow but easily distracted in the process of getting started. Has original ideas and lots of energy and enthusiasm for studying.. Has a hard time sticking to plans

## Motivation for Learning

Is always curious and has wide interests. Has the entrepreneurial mind of his parents. Is not afraid to get his hands dirty, volunteer, or speak up. Likes to associate, think big, experiment

## Learning Needs

Needs a sense of belonging and flexibility to give room to ideas and explorations, as well as spaces of productivity and procrastination. Likes to be involved and needs constructive feedback to be able to grow

## After the programme

Wants to work in the outdoors tourism industry somewhere in Norrland, directed at international markets. Umeå was his first choice of university

**Perpetually Creative**

## The non-linearity of learning

Learning is increasingly understood as a non-linear, dynamic process shaped by interactions, emotions, contradictions, and contexts. Rather than progressing step-by-step, learners loop back, jump forward, and reconfigure their understanding over time.

Recognizing this complexity encourages more flexible, student-responsive teaching approaches.

# Who owns Curriculum Agility?

All those who are responsible for a lesson, a course, a programme, or other forms of education, and those who have responsibilities in education directly or indirectly (organizationally as well) in an institute, centre, or other university unit.

# Summary, reflection, conclusion

Storträffen Meetup VT25

# **PriU - Working Groups for Prioritised Educational Issues**

**PriU groups are cross-school and cross-functional working groups that work in between the Storträffen meetups.**

**Everyone is welcome to join a PriU group!**

# **Mats Nilsson 1971–2025**

## **Leader of PriU Student perspective and influence**

# PriU Assessment methods

Today's discussions:

Peer assessment as a learning activity and a time-saving strategy

Assessing the process not the product in an AI universe

Next meeting will be **June 11, 2025 at 13:15-14:45**

in Seminar Room 4523, level 5 in D building, and in Zoom

Topic: **Using computers for assessment** (Elisabet Lövkvist)

For more information, contact:

Viggo Kann [viggo@kth.se](mailto:viggo@kth.se) or Elisabet Lövkvist [elilov@kth.se](mailto:elilov@kth.se)

# PriU Connections to professional practice

**Today discussions:** KTH:s strategic partnerships, external engagement in education, project courses, outgoing mobility of staff

Project courses at the KTH web

Call outgoing mobility

**Next meeting: September 18th. 10.30-11.30**

For more information, contact: Johan Blaus [johbla@kth.se](mailto:johbla@kth.se)

# PriU Digitalization

**Aim:** Be a bottom-up forum for discussions about anything related to digitalization in education. Discuss latest trends, test new solutions, give feedback:

*AI for assessing open-ended questions, learning analytics in Canvas, generate course material with AI support*

**Theme and time for next meeting:** TBA

For more information, contact: Magnus Andersson

<[magnusan@kth.se](mailto:magnusan@kth.se)> or Fredrik Enoksson <[fen@kth.se](mailto:fen@kth.se)>

# PriU Future learning environments, scheduling and planning

Today's discussions:

***New ways of teaching the new digitally savvy student***

***Today's challenge: How do we get the students to learn?***

**Time for next meeting:** 4 June 2025, 12:00-13:30, V3

**Topic:** Konst och arkitektur på KTH med anledning av den nya skulpturen vid V-salarna (Teknikringen 76)

For more information, contact: Charlotte Hurdelbrink,

[hurdel@kth.se](mailto:hurdel@kth.se) or Marika Strömberg, [maristr@kth.se](mailto:maristr@kth.se)

# PriU Gender, diversity and equal opportunities (JML) perspective

Topic & time for next meeting: autumn

We are looking for a second leader!

Send an email for more information.

**For more information, contact:**

Anne-Kathrin Peters, [akpeters@kth.se](mailto:akpeters@kth.se)

# PriU KTH teachers' lifelong learning

What continuous competence development does a teacher at KTH need to meet tomorrow's challenges and how is this made possible?

What is continuous competence development for teachers?

Discussions will take place in the autumn!

Until then, take the opportunity to develop your competence by taking a higher education teaching course.

Next meeting: TBA

**For more information, contact:**

Elizabeth Keller [ekeller@kth.se](mailto:ekeller@kth.se)

# PriU Sustainable development in education

**How far have we come in integrating sustainable development into our programmes – and what is needed to take the next step?**

**Next meeting:** We are planning three meetings for the autumn, no dates yet.

- Wicked problems (Continuing our series, searching for examples of this, preferably from CBH and SCI)
- Follow-up of the current sustainability objective for education
- The new sustainability objectives 2026-2030
