 - *Google*
 - *Facebook*

19

Freedom of information

Legal sources

- International
 - *ECHR*
- EU
 - *TFEU*
 - *Regulation 1049/2001 regarding public access to European Parliament, Council and Commission documents (Public Access Regulation)*
 - *Directive 2003/98/EC on the re-use of public sector information (PSI Directive)*
- National
 - *Laws on access to information*
 - *PSI laws*

21

Freedom of information

- Extension of Freedom of Expression
- Human right
- Rationale
 - *Enables public knowledge and discussion*
 - *Safeguard against abuse, mismanagement and corruption*
 - *Openness and transparency*

22

Principles

- **The public** has access to public information
 - Access to documents/information
 - Limitations in cases of national security, privacy, health, etc. **and when information is not considered public information**
 - Who is **the public**?
- Re-use of public data
- National laws specify when & how information can be obtained
- Administrative law completes with requirements
 - e.g. if application needs to be made, response required within 14 or 30 days, requests for information need to be handled immediately, etc.

23

Starting point?

Everything is secret except for what is expressly public information, or everything is public information except for what is expressly a secret?

- What should the law be?

24

TFEU

- Art.15 TFEU

1. In order to promote **good governance** and ensure the participation of **civil society**, the Union's institutions, bodies, offices and agencies shall conduct their work **as openly as possible**.

2 ...

3. Any citizen of the Union, **and** any natural or legal person residing or having its registered office in a Member State, **shall have a right of access to documents** of the Union's institutions, bodies, offices and agencies, **whatever their medium**, subject to the principles and the conditions to be defined in accordance with this paragraph.

27

Sweden

- Fundamental Law on Freedom of Expression

- Yttrandefrihetsgrundlag (1991:1469)

- *Freedom of the press Act*

- Tryckfrihetsförordning (1949:105)
 - The right to receive public information (offentlighetsprincipen)

Ch.2 s.1:

For the purpose of freedom of expression and comprehensive information (...) [anyone] shall have the right to receive public information/documents

- *Fundamental Rights and Freedoms*

- Kungörelse (1974:152) om beslutad ny regeringsform

28

United Kingdom

- Human Rights Act 1998
 - *Limited usefulness => see the wording of s.1(2)*
(does not actually say: "you have a right of..")

- Freedom of Information Act 2000

s.1 *General right of access to information held by public authorities.*

(1) Any person making a request for information to a public authority is entitled—

(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to him

29

...

Access to what?

- Information?
- Documents?
 - What is a *document*?

30

Document

- Regulation 1049/2001 – art.3

*(a) "document" shall mean **any content whatever its medium***

(written on paper or stored in electronic form or as a sound, visual

*or audiovisual recording) **concerning** a matter relating to the policies, activities and decisions falling within the institution's sphere of responsibility;*

- **CONTENT NOT FORM**

31

Access to public information

- Physically at a specific location?
- Read information online?
- Duty to publish information by authorities?
- Right to receive a copy for free or for a fixed fee?
- Right to remain anonymous?

32

Re-use of public data

- Public sector information (PSI) – data held by public authorities
- PSI can be used by businesses to create products or services – forecasts, geo-data (e.g. GPS, maps etc.), insurance (e.g. statistics)
- Also for use that can be in the "grey area" freedom of information-right to privacy – databases with info on where someone is living, contact details, paid tax etc.

33

Balancing rights

- Same problems as with expression of thought etc.
 - *Human right vs human right*
 - *Data protection, integrity vs re-using public data etc.*
- What is more important? Right to public insight into government actions or right to privacy?
 - *What's the harm?*

34

Challenges

- A lot of public data contains personal data
- Criminal records being used in job interviews
- Whistleblowing

35

Secrecy - Sweden

- Freedom of the Press Act
 - Tryckfrihetsförordning

Lists the interests that may be protected by keeping official documents secret:

UPPSALA
UNIVERSITET

Trade secrets

- right applies to information that
 - is secret* (= not generally known among or readily accessible to people outside company)
 - has commercial value because it is secret*; and
 - has been subject to reasonable steps by the rightful holder of the information to keep it secret*
(through confidentiality agreements? What about access control? Where should the line be drawn?)
- Duration: potentially unlimited
- Consequences after breach?
 - Injunctions? Damages?
 - Disclosed information will not be a secret anymore

43

UPPSALA
UNIVERSITET

Examples

- Compilations of data
- Algorithms and processes that are implemented in computer programs
- Manufacturing or repair processes,
- Techniques and know-how;
- Business strategies, business plans, methods of doing business, marketing plans
- Trade secrets encapsulate more than copyright or patents as there are no strict standards for the quality of data (such as originality or novelty + not state of the art)

44

Challenge

- Trade secret or patent protection?

	Trade secrets	Patents
Duration	Potentially unlimited or until it is disclosed	20 years
Rights prevent	Disclosure and therefore (to some extent) use	making, using, offering for sale, selling, or importing
Requirements for protection	Commercial value because it is secret Kept a secret	Novelty Does not form part of the state of the art.
Limitations	When secret obtained legitimately	Experimental use, List of non-patentable subject-matter

Thank you!
