

# AF1721 Environmental Science and Work Science 5.0 credits

Miljö- och arbetsvetenskap

This is a translation of the Swedish, legally binding, course syllabus.

## Establishment

The official course syllabus is valid from the spring semester 2026 as decided by the Faculty Board: dnr HS-2026-0906, 3.2.2. Decision date: 2026-05-21

## Grading scale

A, B, C, D, E, FX, F

## Education cycle

First cycle

## Main field of study

Technology

## Specific prerequisites

## Intended learning outcomes

## Course contents

## Examination

- TENA - Written exam, 2.5 credits, grading scale: A, B, C, D, E, FX, F
- ÖVNA - Practical assignment, 2.5 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

## Transitional regulations

The course was last offered in the autumn semester 2025 and is no longer being taught. Students who began the course no later than the autumn semester 2025, but have not yet completed it, will be given the opportunity to do examination no later than the autumn semester 2027.

## Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
