P, F

Education cycle

Second cycle

Main field of study

Built Environment

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

After completing the course requirements students shall:

- be able to analyse the differences between planning systems and how these affect planning practise.

Course contents

Similarities and dissimilarities in national planning systems, traditions and issues. Experiences from cross-border planning. Examples from ongoing cross-border projects. In-depth study with systematic comparison of the planning contexts in two european countries.

Specific prerequisites

Knowledge corresponding to at least 60 credits in urban and regional planning.

Course literature

To be decided upon an individual basis.

Examination

- LIT1 - Literature Seminar, 1.5 credits, grading scale: P, F
- ÖVN1 - Project Work, 6.0 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

Other requirements for final grade

Literature report (LIT1; 1c), projectwork (ÖVN1; 4c)

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
