Grading scale

A, B, C, D, E, FX, F

Education cycle

First cycle

Main field of study

Technology

Specific prerequisites

Introduction to Swedish Law, Basic Course (AI1510)

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

Introduction to Swedish law gives the students knowledge about the Swedish legal systems and an introduction to both civil and public law

Course contents

The course gives the student a broad view of civil law, including contract law, purchase law, consumers rights, real estate law, law of payment claims, property law, tort law, family law, intellectual property law, employment law and company law. The student also study penal law, litigation, European law, public law and competition law. The course starts with an orientation in the Swedish legal system and the methods of jurisprudence.

Examination

- TENB - Examination, 7.5 credits, grading scale: A, B, C, D, E, FX, F
- ÖVNB - Exercises, - credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

Other requirements for final grade

Written examination (TENB, 7,5 cr).
Assignment (ÖVNB; 0 credit).

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
