Education cycle

Second cycle

Main field of study

Built Environment

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

The aim of the course is to provide knowledge about knowledge management and prepare for further studies in real estate and construction. Upon completion of the course, participants should be able to:

- Describe and use concepts in knowledge management.
- Choose, use and evaluate knowledge management tools and methods for analysis.
- Describe how knowledge management can contribute to a more sustainable built environment.
- Relate to and apply previous knowledge in the field of knowledge management.

Course contents

The course includes: The concept of knowledge, knowledge formation processes, knowledge sharing processes, knowledge management methods and tools.

Specific prerequisites

Eligibility to the master programme in Real Estate and Construction Management.

Course literature

Information about course literature will be announced at the beginning of the course.

Examination

- TEN1 - Examination, 5.0 credits, grading scale: A, B, C, D, E, FX, F
- ÖVN1 - Assignments, 2.5 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

The examination is time-limited.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
