

CB205X Degree Project in Molecular Techniques in Life Science, Second Cycle 30.0 credits

30.0 credits

Examensarbete inom molekylära tekniker inom livsvetenskaperna, avancerad nivå 30,0hp

This is a translation of the Swedish, legally binding, course syllabus.

If the course is discontinued, students may request to be examined during the following two academic years

Establishment

Course syllabus for CB205X valid from Spring 2022

Grading scale

VG, G, U

Education cycle

Second cycle

Main field of study

Biotechnology, Molecular Life Science

Specific prerequisites

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

Course contents

Examination

- XUPP - Examination Question, 30.0 credits, grading scale: VG, G, U

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
