Grading scale

P, F

Education cycle

First cycle

Main field of study

Technology

Specific prerequisites

The course is available only for students studying Master of Science in Engineering, Media Technology (CMETE).

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

The goal of the course is to give the students

• an introduction to media and media technology from different perspectives.

so that they will

• have a basis for the following education.

Course contents

The course is meant to give an introduction to many things:

• relevant subjects
• the media industry
• professional roles
• KTH
• higher studies
• the rest of the education programme.

Course literature

Will be announced at least 4 weeks before the course starts at course web page.

Examination

• INL1 - Assignment, 1.5 credits, grading scale: P, F
• PRO1 - Project, 2.0 credits, grading scale: P, F
• ÖVR1 - Other, 4.0 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

In this course all the regulations of the code of honor at the School of Computer science and Communication apply, see: http://www.kth.se/csc/student/hederskodex/1.17237?l=en_UK.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
