

DM1577 Media Design 7.5 credits

Mediegestaltning

This is a translation of the Swedish, legally binding, course syllabus.

Establishment

Course syllabus for DM1577 valid from Autumn 2009

Grading scale

P, F

Education cycle

First cycle

Main field of study

Technology

Specific prerequisites

For single course students: completed upper secondary education including documented proficiency in Swedish corresponding to Swedish B, English corresponding to English A. For students who received/will receive their final school grades after 31 December 2009, there is an additional entry requirement for mathematics as follows: documented proficiency in mathematics corresponding to Mathematics A.

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

The objectives of the course are that the student shall

- present project work orally in front of group and in the form of an academic paper
 - work with different tasks in a project work about information flows that are close to creation and design of information
 - work in project form together with people with different competence and background
- in order that the student shall
- communicate better and better understand the conditions of communication
 - work with creation and design of different forms of communication and media
 - work in project form (in group) in a practical design project and produce a finished concept and/or prototype for a communication strategy.

Course contents

The course consists of lectures, seminars, producing a large project work and presentation of this work orally and in writing.

Course literature

Will be announced at least 4 weeks before course start at course web page.

Examination

- PRO1 - Project, 7.5 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

In this course all the regulations of the code of honor at the School of Computer science and Communication apply, see: http://www.kth.se/csc/student/heder-skodex/1.17237?l=en_UK.

Other requirements for final grade

Project (PRO1).

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
