

EF2250 Publication of Masters Project in Space and Plasma Physics 7.5 credits

Publicering av examensarbete inom rymd- och plasmafysik

This is a translation of the Swedish, legally binding, course syllabus.

Establishment

Course syllabus for EF2250 valid from Spring 2019

Grading scale

P, F

Education cycle

Second cycle

Main field of study

Physics

Specific prerequisites

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

Course contents

Course literature

Bestäms individuellt i samråd med examinator.

Examination

- INL1 - Assignment, 7.5 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
