Grading scale

Education cycle

Third cycle

Specific prerequisites

Admission to postgraduate studies.

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

The course aims to be published in scientific journal.

Course contents

During the seminars, the strategies for getting published will be covered. These concerns range from how theory and empirical linked to the choice of journal. The course is based very much on the discussions during the workshops, and the participants and the course leader's experience.

Disposition

The seminars will take the form of collective seminars and individual meetings between the instructor and the working group, or individual students.

Course literature

Announced when the course starts.

Examination

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

Active participation in three collective seminars and publishing (submissions according examiner publishable article).

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
