

# FBB3470 Research Presentation in Theoretical Chemistry and Biology 3.0 credits

Forskningspresentation i teoretisk kemi och biologi

This is a translation of the Swedish, legally binding, course syllabus.

If the course is discontinued, students may request to be examined during the following two academic years

## Establishment

Course syllabus for FBB3470 valid from Autumn 2016

## Grading scale

## Education cycle

Third cycle

## Specific prerequisites

Admission to the PhD program in theoretical chemistry

## Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

## Intended learning outcomes

In this course the students should present results from their own research. By presenting background, results, and questioning the material the students learn critical thinking towards research.

## Course contents

Research presentation once per semester during the PhD studies. The PhD student should assemble results from studies performed during the last year. The course also includes criticism of other students' presentations. An introduction to presentation techniques is part of the course.

## Disposition

Presentations once per semester. Attending seminars of other students. Opponent of other students presentation.

## Examination

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

## Other requirements for final grade

Presentation, opposition and attendance at at least 80% of the seminars. Attendance at the introduction to presentation techniques.

## Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
