

FME3536 Readings in Industrial Management 7.5 credits

Litteraturstudier i industriell ekonomi

This is a translation of the Swedish, legally binding, course syllabus.

Establishment

Course syllabus for FME3536 valid from Spring 201

Grading scale

P, F

Education cycle

Third cycle

Specific prerequisites

PhD students within the research subject Industrial Engineering and Management

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

By the completion of this course participants will have the needed literature base and theoretical framework for their research work within the field of Industrial management.

Course contents

The specific content is decided according to the research area within which the individual PhD-student is working.

Examination

- INL1 - Assignment, 7.5 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

Other requirements for final grade

Hand in of a written essay reflecting the course material.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
