

# FMH3306 ITM PhD Student Conference 2.0 credits

ITM doktorandkonferens

This is a translation of the Swedish, legally binding, course syllabus.

## Establishment

Official course syllabus of FMH3306 from VT19 applies

## Grading scale

P, F

## Education cycle

Third cycle

## Specific prerequisites

Admitted to doctoral studies

## Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

## Intended learning outcomes

Learn about the research at ITM school/KTH by interacting with doctoral students from different ITMs doctoral programmes. Obtain an overview of the current subject for the conference (can vary from one year to another).

## Course contents

Presentations of an interest for ITMs doctoral students interesting subject area.  
Poster session with discussion.

The subject for the conference exchanges from one year to another, but the examination is similarly arranged.

## Examination

- INL1 - Assignment, 2.0 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

## Other requirements for final grade

The examination is in the form of a poster presentation and a written report on the possible links between student's own research and the research of other students participated in the conference.

## Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
