

FSE3411 Study of Literature 7.5 credits

Litteraturstudium

This is a translation of the Swedish, legally binding, course syllabus.

If the course is discontinued, students may request to be examined during the following two academic years

Establishment

Course syllabus for FSE3411 valid from Spring 2018

Grading scale

Education cycle

Third cycle

Specific prerequisites

Basic course in solid mechanics and advanced corresponding to SE2123 or SE2126 or SE2132.

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

After completing the course the student shall understand and be able to give a detailed account of a specific research area within solid mechanics.

Course contents

A research area within solid mechanics will be studied in detail through a literature study.

Disposition

Self-study course.

Course literature

Classical articles and books within the subject.

Examination

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

Other requirements for final grade

Approved written report.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
