## Establishment

The course syllabus is valid from Autumn 2024 according to decision of Director of First and Second Cycle Education: HS-2025-0582, 3.2.2 Decision date: 2025-03-17

## Grading scale

A, B, C, D, E, FX, F

## Education cycle

First cycle

## Main field of study

The Built Environment, Technology

## Specific prerequisites

Completed courses: AF1763, AF1757

## Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

## Intended learning outcomes

After passing the course, the students should be able to:

- carry out quantity take-off and time, cost and resource planning of a construction project
- explain different management styles
- resolve basic legal disputes between client and contractor in the construction production phase and interpret contracts and laws with regard to the form of contract awarded
- link sustainability aspects to the construction production phase
- produce production plans for construction projects.

## Course contents

- Leadership and management
- Sustainable construction
- Construction management
- Construction law
- Planning and scheduling

## Examination

- PROB - Project, 3.0 credits, grading scale: P, F
- TENB - Examination, 4.5 credits, grading scale: A, B, C, D, E, FX, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

The course is examined through a written examination and a project assignment.

## Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
