

LH219V Supervision and Assessment of Degree Project Work in First and Second Cycle 3.0 credits

Handledning och examination av examensarbete på grund och avancerad nivå

This is a translation of the Swedish, legally binding, course syllabus.

Establishment

On 05/28/2020, the Dean of the ITM School has decided to establish this official course syllabus to apply from autumn term 2020 (registration number M-2020-1038).

Grading scale

P, F

Education cycle

Second cycle

Main field of study

Technology and Learning

Specific prerequisites

FLH3000 Basic Communication and Teaching, LH201V Learning and Teaching or equivalent pedagogical courses of at least 3 credits.

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

After the course, you, as a supervisor and examiner, should be able to:

- plan, carry out, analyse and develop courses for independent work
- choose and apply methods for supervision of independent work
- supervise students individually and in groups
- create conditions that foster students' independence, commitment and development
- examine and grade students' independent work, both as part of continuous assessment and in a final examination

Course contents

Structure of degree projects

Supervision models, methodology and structure

Subject-specific information retrieval

Oral and written communication, and plagiarism

Assessment and grading

Examination

- INL1 - Hand in assignment, 3.0 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

Written examination and independent practical labs using selected learning platforms

Other requirements for final grade

Attendance at course sessions is compulsory.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
