

LH219V Supervision and Assessment of Degree Project Work in First and Second Cycle 3.0 credits

Handledning och examination av examensarbete på grund och avancerad nivå

This is a translation of the Swedish, legally binding, course syllabus.

If the course is discontinued, students may request to be examined during the following two academic years

Establishment

On 2023-10-05, the Head of the ITM School has decided to establish this official course syllabus to apply from spring semester 2024, registration number: M-2023-1875

Grading scale

P, F

Education cycle

Second cycle

Main field of study

Technology and Learning

Specific prerequisites

FLH3000 Basic Communication and Teaching, LH201V Learning and Teaching or equivalent pedagogical courses of at least 3 credits.

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

After the course, you, as a supervisor and examiner, should be able to:

1. plan, carry out, analyse and develop courses for independent work
2. choose and apply methods for supervision of independent work
3. supervise students individually and in groups
4. create conditions that foster students' independence, commitment and development
5. examine and grade students' independent work, regarding both process and product

Course contents

Rules and guidelines relevant for the implementation of the degree project in Swedish higher education, and local regulations at KTH

Forms of supervision, methodology and structure

Subject-specific information retrieval

Oral and written communication, plagiarism

Assessment and grading

Sustainable development, gender equality, diversity and equal treatment in relation to the degree project process

Examination

- INL1 - Hand in assignment, 3.0 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

Written examination and independent practical labs using selected learning platforms

Other requirements for final grade

Compulsory attendance in the course sessions

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
