

LI1013 Literature Reviews 1.5 credits

Litteraturstudier

This is a translation of the Swedish, legally binding, course syllabus.

If the course is discontinued, students may request to be examined during the following two academic years

Establishment

Course syllabus for LI1013 valid from Spring 2015

Grading scale

P, F

Education cycle

First cycle

Main field of study

Technology

Specific prerequisites

The student is expected to have a basic proficiency in his/her subject, as well as 40 accumulated hp. Passing grade on either of these courses: LI1012, LI1011 and LI1021.

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

- Manage (refer to) references found in text
- By analysis or synthesis use the texts retrieved to: Pursue an argument, compare and apply different models on problem formulations
- Use sources found to establish a theoretical basis, on which a student's own studies can be based (compare with theoretical background in articles)
- Efficiently read and understand scientific literature

Course contents

The student will learn to use the results of a collection of information in a creative way and create literature studies or theoretical backgrounds to, for example, degree projects.

Disposition

The course is a combination of activities in the classroom and web-based studies.

Examination

- INL1 - Literature Review, 1.5 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

Other requirements for final grade

The requirements for a pass grade are:

1. Attendance and participation in all compulsory lectures
2. Pass on all examination assignments

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
