LS1423 German A2 for Engineers 7.5 credits

Tyska A2 för ingenjörer

This is a translation of the Swedish, legally binding, course syllabus.

Establishment

The official course syllabus is valid from the autumn semester 2026 as decided by the Faculty Board: dnr HS-2026-1269. Decision date: 2026-06-15.

Grading scale

P, F

Education cycle

First cycle

Main field of study

Specific prerequisites

Basic university qualification. Completion and pass of German A1 for Engineers, equivalent older course, or the equivalent knowledge demonstrated in a compulsory placement test taken before applying for the course.

Intended learning outcomes

The intended learning outcomes for the course refer mainly to the level A2, with certain elements of B1, according to CEFR, the Common European Framework of Reference for Languages, and aim to strengthen the student's global competence.

On completion of the course, the student should, in addition to what is specified in courses at the lower level, be able to:

• use the language in speech and writing in everyday situations and simple work-related situations (A2)
• understand and distinguish the main contents in clear standard speech within well-known subject areas (A2/B1)
• in Swedish, understand and account for facts from simple authentic, technical texts (A2/B1)
• hold a short, individually prepared, presentation (A2)

Course contents

Further study of basic German grammar. Listening comprehension and spoken communication exercises. Reading comprehension exercises on texts with general and technical contents. Writing exercises. Facts about the culture, societies and technical development of German-speaking countries.

Examination

- KONA - Assessment, 1.5 credits, grading scale: P, F
- LEXA - Continuous Assessment, 6.0 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

The examiner determines, in consultation with the KTH coordinator for support to students with disabilities (Funka), possible customized examination for students with any documented and permanent functional disability. The examiner may offer a different type of exam for re-examination of individual students.
