LS1522 Swedish B1 for Engineers 7.5 credits
Svenska B1 för ingenjörer

This is a translation of the Swedish, legally binding, course syllabus.

If the course is discontinued, students may request to be examined during the following two academic years.

Establishment
On 15/10/2021, the Dean of the ITM school has decided to establish this official course syllabus to apply from spring term 2022, registration number: M-2021-1895.

Grading scale
P, F

Education cycle
First cycle

Main field of study

Specific prerequisites
General admission requirements. Completion and pass of Swedish A2 for Engineers, equivalent older course, or the equivalent knowledge demonstrated in a compulsory placement test taken before applying for the course.

Language of instruction
The language of instruction is specified in the course offering information in the course catalogue.

**Intended learning outcomes**

The intended learning outcomes for the course are primarily at levels B1 according to the CEFR, the Common European Framework of Reference for language, and aim to strengthen student's global competence.

On completion of the course, the student should, in addition to what is specified in courses at a lower level, be able to:

**Listening comprehension**

1. Understand the main contents in clearly spoken standard Swedish on subjects that concern well-known phenomena and fields of personal interest
2. Broadly understand many radio and TV programmes in slowly and clearly spoken Swedish about current issues or about subjects of personal interest

**Reading comprehension**

3. Understand authentic texts, such as descriptions, written in common language on subjects that concern daily life or personal interests

**Spoken interaction**

4. Talk informally about subjects concerning daily life, current events and work, or of personal interest

**Spoken production**

5. Simply describe events, dreams, hopes and future plans
6. Briefly give reasons for opinions and plans

**Written production**

7. Write texts that describe experiences and impressions
8. Write simple, coherent texts discussing everyday life, and simple technical texts within fields of personal interest

**Language systems**

9. Apply for the level adequately phonetic/orthographic, morphological, syntactic and lexical knowledge in the Swedish language

**Course contents**

Exercises in understanding and expressing oneself in somewhat more nuanced Swedish
Exercises in pronunciation, prosody and spoken interaction. Conversations, discussions and

presentations. Reading of texts within general subject areas. Production of written texts of a personal and everyday character

Examination

• KONA - Assessment, 1.5 credits, grading scale: P, F
• LEX1 - Continous Assessment, 6.0 credits, grading scale: P, F

Based on recommendation from KTH’s coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

In agreement with the KTH coordinator for disabilities, it is the examiner who decides to adapt an examination for students in possession of a valid medical certificate documenting a disability. The examiner may permit other examination formats at the re-examination of individual students.

Other requirements for final grade

All course components passed
75% attendance requirement

Ethical approach

• All members of a group are responsible for the group’s work.
• In any assessment, every student shall honestly disclose any help received and sources used.
• In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
