

MF114X Degree Project in Design and Vehicle Engineering, First Cycle 15.0 credits

Examensarbete inom farkostteknik, grundnivå

This is a translation of the Swedish, legally binding, course syllabus.

Establishment

Course syllabus for MF114X valid from Spring 2009

Grading scale

A, B, C, D, E, FX, F

Education cycle

First cycle

Main field of study

Technology

Specific prerequisites

**Qualified for studies in grade 3, 5B1132/SF1624 ,5B1133/SF1603 , 4C1010/SE1010 , MF1015/4F1815Compulsory for

**IPU(T3)

Conditionally Elective for

FMT(T₃)

Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

Intended learning outcomes

A student that has completed the Project Course in Integrated Product Development shall be able to:

- Formulate technical problems and in a structured way search for solutions with the aid from model-based methods in general and modern computer tools in particular;
- Integrate and apply knowledge and abilities obtained in preceding courses, on problems in integrated product development;
- Apply independent studies to consolidate and widen the knowledge in integrated product development in general and information management in particular;
- Present the work in a professionally written report as well as in an oral presentation;

Course contents

Disposition

Period 3, 4

Course literature

Journal Papers and Reports, Handbooks, Manuals.

Examination

• PRO1 - Project, 15.0 credits, grading scale: A, B, C, D, E, FX, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

Other requirements for final grade

Passed course (PRO1;15hp).

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
