

# MF227X Degree Project in Industrial Design Engineering, Second Cycle 30.0 credits

Examensarbete inom teknisk design, avancerad nivå

This is a translation of the Swedish, legally binding, course syllabus.

If the course is discontinued, students may request to be examined during the following two academic years

## Establishment

Course syllabus for MF227X valid from Spring 2020

## Grading scale

P, F

## Education cycle

Second cycle

## Main field of study

Mechanical Engineering

## Language of instruction

The language of instruction is specified in the course offering information in the course catalogue.

# Intended learning outcomes

## Course contents

## Specific prerequisites

To begin the degree project, second cycle, requires:

- completed courses corresponding to at least 60 credits at the second cycle.
- completed course in scientific research methodology
- exhibit sufficient subject depth in relation to the chosen area for the thesis work

## Examination

- XUPP - Thesis Project, 30.0 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

## Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
