Samhällsekonomisk utblick - ur ett industriellt perspektiv

This is a translation of the Swedish, legally binding, course syllabus.

Establishment

Grading scale

P, F

Education cycle

First cycle

Main field of study

Technology

Specific prerequisites

Intended learning outcomes

On completion of the course, the student should be able to:

- account on a general level for socioeconomic phenomena and be able to discuss economic policy activities based on the student's own values

Course contents

Socioeconomic phenomena such as unemployment, inflation, growth and foreign trade

Examination

- SEM1 - Seminar, 1.5 credits, grading scale: P, F

Based on recommendation from KTH's coordinator for disabilities, the examiner will decide how to adapt an examination for students with documented disability.

The examiner may apply another examination format when re-examining individual students.

If the course is discontinued, students may request to be examined during the following two academic years.

A seminar built on facts that the student has looked up and sent to the teacher before the seminar.

Ethical approach

- All members of a group are responsible for the group's work.
- In any assessment, every student shall honestly disclose any help received and sources used.
- In an oral assessment, every student shall be able to present and answer questions about the entire assignment and solution.
